Sir,

With reference to your letters No. 6415/CB dated the 12th/14th February, 1949 and No. 6411/CBEI, dated the 14th February, 1949 I am directed to state that setting up of a Women's Section as intimated in this Ministry's letter No. W/Genl/34/48, dated the 15th September, 1948, is different from starting a 'Narishala' as proposed. Whereas the former constitutes a part of the Relief & Rehabilitation Department of a Province or State responsible for over-all control of all the activities relating to the relief and rehabilitation of women and children, the latter seems to be an industrial centre which should normally function under the Women's Section.

As regards the loan of six Nissen Huts I am to request that the number of refugee women for whom it is proposed to provide accommodation and training facilities may please be intimated. It is suggested that the possibility of requisitioning some private buildings for providing shelter to the refugee women in Bangalore may also be explored in this connection.

OFFICE OF
Secretary,
Mysore State Refugee Relief
Committee, Bangalore.
Date 16th May 1949.

The Secretary to Government,
General Department, Bangalore.

Subject: "Setting up of a Women's Section". Y

With reference to your letter No. 7961/C.B. dated 25/26-3-49 forwarding a copy of the Government of India letter No. 34 (11) W/R.H.A/49 dated 9-3-49 for furnishing the information called for therein and requesting me to submit a detailed report in regard to setting up of a Women's Section, I have the honour to state that, out of a total number of 2,035 women refugees that have come down to this State from Pakistan, there (1) have been 148 refugee women in respect of whom accommodation and training facilities require to be provided for, for their rehabilitation. Further I am to state that, among 148 refugeex women, there are as many as 25 single women, widowed or unmarried (2) and 123 widows with children.

To enable these women to earn their living by themselves, it has been thought to start "Narisalas" in suitable and central localities where women refugees could be put on certain handicrafts. To this end, (3) Rao Saheb Kohly, a member of the Mysore State Refugee Relief Committee, has been good enough to spare a building in Ulsoor rent-free for opening up of a women's section. It is within the view of the Committee to requisition some other private buildings for this purpose when refugee (4) women begin to evince keen interest in the handicrafts. It is also requested to arrange for loaning half a dozen Nissen huts (5) from the Military Department to facilitate the refugees to ply their occupations and to accommodate themselves. The "'Narisala" to start with will later develop into a Women's Section whence

whence the question of relief and rehabilitation of the refugee women will be contemplated. At present a dozen sewing machines have been requisitioned for being supplied for the use of the refugee women. Immediately the supply is received the women's Section will be inaugurated.

Further other arts and crafts relating to Home and Cottage Industries will have to be included in the programme of these "Narisalas" and they made into regular vocational institutes so that the women will have a number of crafts to learn and use.

The Director and Additional Director of Industries and Commerce will also be consulted in the matter and a comprehensive programme drawn up as early as possible.

Yours faithfully,

Secretary,
Mysore State Refugee Relief
Committee, Bangalore.
